Amerinet Contract #VH10863

AV Connection Options

Apple Digital AV Adapter	MC953ZM/A	\$38.75
--------------------------	-----------	---------

Use the Apple Digital AV Adapter to mirror whatever's on your iPad 2 screen - apps, presentations, websites, and more - on your HDTV or HDMI-compatible display in up to 1080p HD (movies play at up to 720p).

Watch slideshows and movies on the big screen in up to 720p by connecting your iPad, iPhone 4, or iPod touch (4th generation) to an HDTV or HDMI-compatible display.

The Apple Digital AV Adapter routes digital audio to screens that support it.

Connect the Apple Digital AV Adapter to your iPad, iPhone 4, or iPod touch (4th generation) via the 30-pin dock connector and to your HDMI-compatible display using an HDMI cable (sold separately).

A second 30-pin connector built into the AV adapter lets you charge and sync your device while it's connected to your HDMI-compatible display.

Apple iPad Camera Connection Kit	MC531ZM/A	\$28.75
----------------------------------	-----------	---------

The kit includes two connectors, each with a different interface:

The Camera Connector features a USB interface. Just plug it into the dock connector port on your iPad, then attach your digital camera or iPhone using a USB cable (not included). iPhone 3G is not supported.

Use the SD Card Reader to import photos and videos directly from your camera's SD card. Connect it to your iPad, and then insert your digital camera's SD card into the slot.

Apple VGA Adapter	MC552ZM/B	\$28.75
-------------------	-----------	---------

Use the Apple VGA Adapter to mirror whatever's on your iPad 2 screen — apps, presentations, websites, and more — on your VGA-equipped TV, display, projector or other compatible display in up to 1080p HD.

Watch slideshows and video on the big screen in up to 720p by connecting your iPad, iPhone 4, or iPod touch (4th generation) to a television, projector, or other VGA-compatible display.

The Apple VGA Adapter connects to your iPad, iPad 2, iPhone 4, iPod touch (4th generation), iPad Dock or Universal Dock via the dock connector and to your projector or display using the VGA adapter.
